INFORMATIVE
Police station

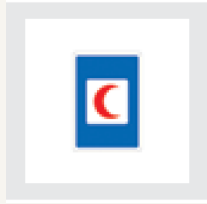

INFORMATIVE
Refreshments

INFORMATIVE
Restaurants

INFORMATIVE
Hotels

INFORMATIVE
Clinic

INFORMATIVE
Hospital

INFORMATIVE
Pedestrian crossing

§ V

Road Rules

SPEED

Single carriageway

80 km/h

Use this when there is no posted limit on an undivided road.

Dual carriageway

100 km/h

Look for posted signs first; the sign always wins over the default.

Highway corridors

120-140 km/h

Major routes such as E11 and E10 commonly sit in this range.

Residential streets

40 km/h

Expect pedestrians, parked cars, and frequent side-road hazards.

SAFETY

Stopping distance at 100 km/h

Around 100 m

Double your following gap in rain, fog, sand, or poor visibility.

Blood alcohol limit

0.00%

The UAE driving rule is zero tolerance.

FINES

Mobile phone use

AED 800 + 4 black points

Includes holding the phone at lights or in slow traffic.

Seatbelt offence

AED 400

Every passenger must be belted, including rear-seat passengers.

Tailgating

AED 400 + 4 black points

Keep a visible buffer before lane changes and braking zones.

Red-light violation

AED 1,000 + 12 black points

Treat amber as a stop signal unless stopping would be unsafe.

PRIORITY

Roundabouts

Give way to traffic inside

Signal right before your exit and stay in the correct lane.

Pedestrian crossings

Stop and yield

Slow early, scan both sides, and do not overtake near crossings.

PARKING

No parking zones

Do not stop or wait

Watch especially near intersections, crossings, bus stops, and entrances.

EXAM

Observation routine

Mirrors, signal, shoulder check

Examiners watch the head movement as much as the vehicle movement.

§ VI

Police Hand Signals

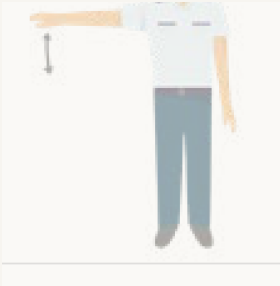

TRAFFIC AUTHORITY SIGNAL

Beckoning vehicles from the side

Vehicles approaching from the left may continue.

Driving.pdf p.12

TRAFFIC AUTHORITY SIGNAL

Slow down

If given from a police car, follow the car and pull over behind it when it stops.

Driving.pdf p.12

TRAFFIC AUTHORITY SIGNAL

All vehicles must stop

When the police officer raises his hand, all vehicles must stop.

Driving.pdf p.12

TRAFFIC AUTHORITY SIGNAL

Behind and ahead must stop

Vehicles approaching from behind and ahead must stop; traffic from left and right may continue.

Driving.pdf p.12

TRAFFIC AUTHORITY SIGNAL

Police car stop signal

Blue and red flashing lights behind you mean pull over to the roadside and stop immediately.

Driving.pdf p.12
